November 28, 2018

To all Osborn Taxpayers;

The Osborn Select board has formed a Community Benefits Committee addressing the Tangible Benefits to our community, as it relates to the Weaver Wind Project. The Committee is composed of the Select board, Treasurer, (3) year- round residents from Rte. 179 and (3) property owners from Spectacle Pond. The purpose of the committee is to redesign and enhance the agreement in place from May, 2015. A T.I.F agreement is on the table, as well if we feel it can be a benefit to Osborn.

We have had two meetings so far which have proven beneficial in idea gathering, as well as submitted suggestions from the Spec Pond community. Since, these are public meetings the Select board would like to invite any interested party to attend future meetings to provide additional input. Our attorney, Jon Pottle from Eaton Peabo9dy will be present at all meetings to provide his professional guidance. The following dates have been designated for meetings which will be held at the Osborn Community Building and will start promptly at 6:00 pm;

12/3/18 – Community Benefits Committee Meeting

12/17/18 – Community Benefits Committee Meeting

1/3/19 – Community Benefits Committee Meeting

1/9/19 – Community Benefits Committee Meeting

1/21/19 – Community Benefits Committee Meeting

Please consider attending if you are able or email selectmanosborn@gmail.com or treasurersborn@gmail.com to submit ideas or provide comments. I appreciated the emails and suggestions received so far and additional input would be welcomed. Thank you.

Ray Slaybaugh

Osborn Select board Chair
